Adisun Terraces

Adisun Buildcon Pvt. Ltd.

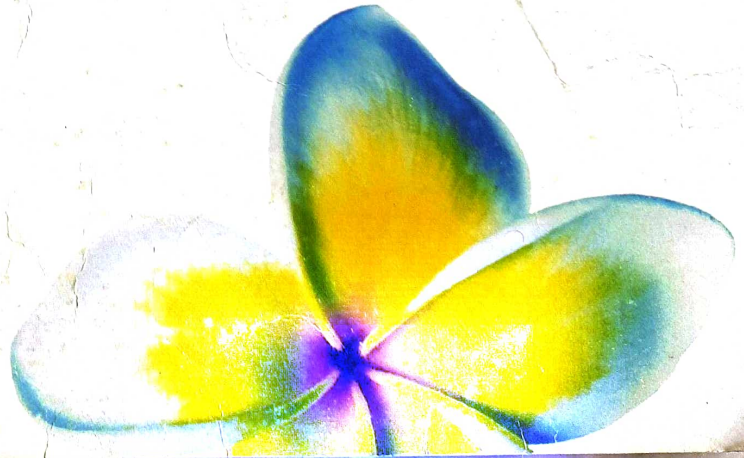

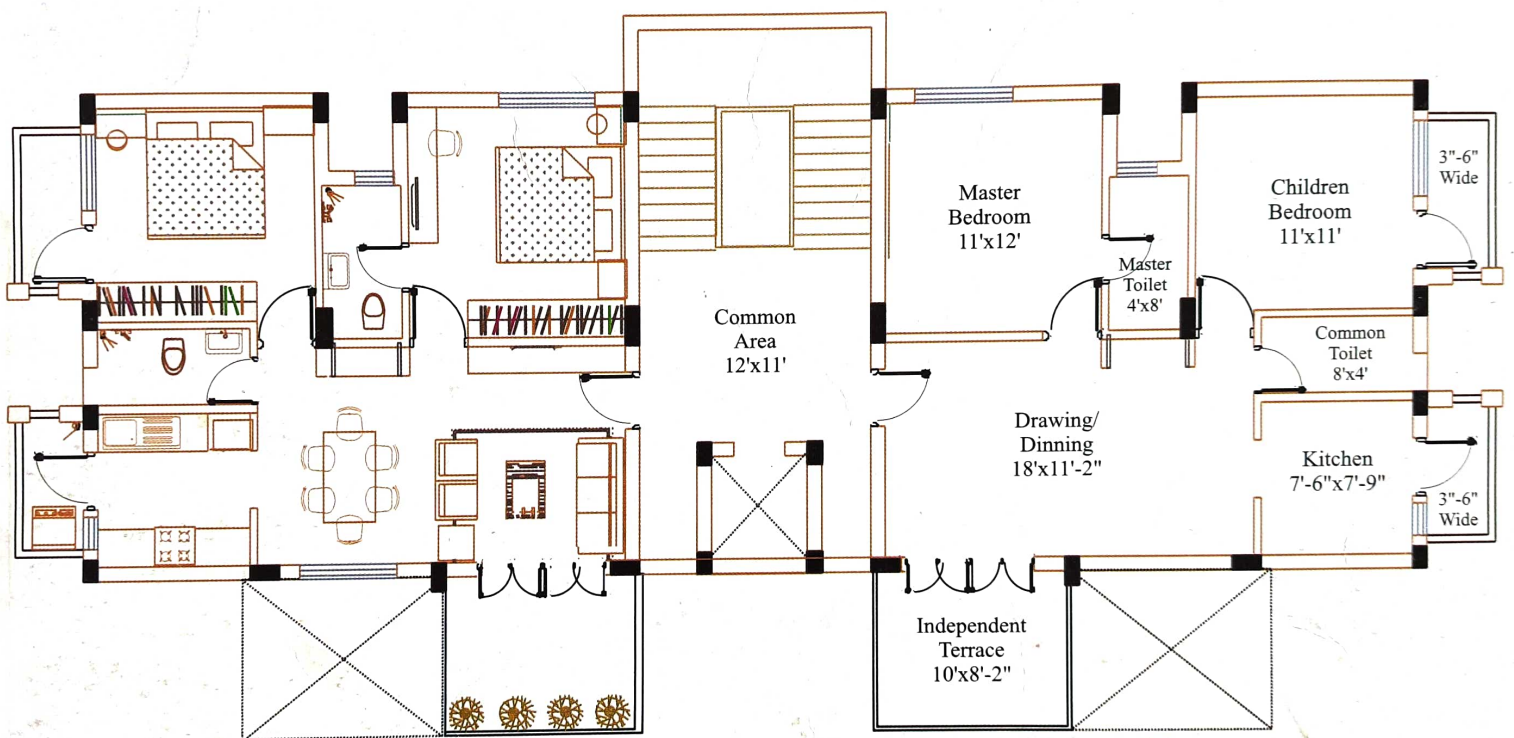

Adisun Buildcon Pvt Ltd, has been incorporated as a project management, construction & contracting business arm of the SKA Consortium. The consortium designed several infra structural projects and are the pioneers in architectural design consultancy. With 4 decades of experience, quality service and customer satisfaction has been a prime motto for the group. With Adisun Buildcon Pvt. Ltd. it now plans to maintain and further expand the legacy of excellence, quality and customer satisfaction, in the field of project development. Adisun Buildcon Pvt. Ltd. is now emerging as the construction and development arm of group and is starting with a residential project.

The new project is coming up in one of the most sort-after areas in the city. With a very artistic elevation façade, the project consists of luxurious two bedroom apartments with double height private independent terrace attached to each. Located just a kilometer off the highway and close proximity to schools, markets etc, makes this project a prime property. This residential project marks a new chapter in SKA consortium's project book.
